

Non-Armoured Glands – ADG Range

Applications

- Suitable for un-armoured cables
- Sealing Area : Cable outer sheath - double compression
- Operating Temperature : -60°C to +100°C
- Materials : Nickel plated brass or stainless steel
- Suitable for use in:
Zone 1, Zone 2, Zone 21 and Zone 22,
Gas Groups, IIA, IIB and IIC
- Ingress Protection : IP66/67 to IEC 529
- ATEX Certificate Number : Baseefa09ATEX0187X
IECEx Certificate Number : IECEx BAS 09.0089X
